Whole School, Whole Community, Whole Child Speaker – The Players Center for Child Health, Constance Desmore, Tobacco Free Jacksonville

Teresa Moran-Wiebe – Dairy Council of Florida, a division of Florida Diary Farmers

- Flagship Program – FuelUp to Play 60, partnership with Jacksonville Jaguars. Healthy nutrition and 60 minutes of exercise each day for children.
- Increase access to school meals. Connect students with agriculture. Engage

Share Outs

Bob Hamila and Sara Mitchell – Food Locker Project – A Pilot Program under The Giving Closet Project

- Pandemic made it apparent that there were gaps in access to food to families when schools are not easily accessible.
- Food Locker Project was developed in partnership with the Giving Closet Project
- Space not available at the Giving Closet for a food pantry.
- With the help of the Florida Dairy Council and Jacksonville Jaguars, the Food Locker Project will be available to Duval County
- Food Locker Project program makes sure that homeless and low-income youth and their families have access to healthy and nutritious foods on a weekly basis.
- Lockers available for families to drop off clothing to get dry cleaned. Allow students to have clean clothes they received from the Giving Closet.
- The lockers can be refrigerated, and they will be able to store food for families.
- Refrigerated lockers are standard in Europe and are accessible through a cell phone or scan the locker and it opens.
- The food lockers allow families to have access to perishable foods such as fruit, veggi
